[BASIC SEWING TERMS]

SEAM ALLOWANCE: A small area between the edge and the sewing line on the two, or more, materials being stitched together, the size of the seam allowance may differ for each project.

TOPSTITCHING: A form of stitching used for reinforcement or decorative purposes on the project, topstitching is always exposed and it is recommended to use fancy threads.

BASTING: Long and loose stitches, to prepare for sewing two materials together. The longer the stitch and less the tension between the stitches, the easier it is to remove the baste when necessary.

TRIMMING: Small cuts to eliminate the loose ends of the utilized fabric after turning it right side out.

NOTCHING: Small cuttings or trims that are done on an outward curve (convex seams); always notch within the seam allowance not through it.

CLIPPING: Small cuttings or trims that are done on an inward curve (concave seams); always clip within the seam allowance not through it.

FOLD LINE: A line indicating the edge of the pattern piece that has to be placed on fold of fabric.

PLEATS: A decoration made by folding one part over the other and securing it in place.

RAW EDGE: An unfinished edge of the seam.
