- (1) 3mm(or 6mm) plastic non-skid sole (9" width x 13 1/2" height)

Printing:

Because our patterns are on PDF files, the pages may be scaled prior to printing, depending on the printer and print driver. To ensure that the shoes pattern prints in the correct size, set the margins on zero before printing the pattern.

To do so, select "None" from the "Page Scaling" drop-down list in Acrobat or Reader's Print dialog box. (Hanyaloglu, 2007)

The size of the shoes may also be affected by the thickness of your interfacing and/or fabric.

The pattern sizes should match the following measurements upon printing:

Heel to Toe Length (in inches) (No seam included)
Size 5: 9 3/4 "
Size 6: 10"
Size 7: 10 1/4 "
Size 8: 10 1/2 "
Size 9: 10 3/4 "
Size 10: 11"
