## no 201 JENNY BAG

There are two pleats on the front of the bag, but there are no pleats on the back. The strap is also long enough for a cross bag. There is a magnetic snap in the interior fabric, and the zipper pocket is located in the lining; instructions will be given to you to apply the zipper pocket. You should try to match the color with the leather and the fabric. If you don't have leather, using cotton or linen band home deco fabrics is also an option. I hope you enjoy making this bag! Happy Sewing~
